Brand Overview

Best Value is an established name in the automotive parts and paint industry, serving both trade and individual customers.

Our focus is simple: provide high quality replacement parts and professional grade supplies at fair prices, backed by reliable service and genuine expertise. This rebrand refreshes how the brand looks, feels, and communicates, moving away from a dated identity toward a modern, trustworthy, and value driven brand that connects with today's audience.

Vision

To set a new standard in automotive paints and body-supply service, trusted by professionals, chosen for value.

Mission

To make quality auto parts accessible through honest pricing, expert guidance, and a modern, reliable customer experience.

Brand Values

- Trust: Dependable and honest.
- Expertise: Knowledgeable professionals providing sound advice.
- Value: High quality at competitive prices.
- Reliability: Always ready to meet customer needs.
- Progress: Evolving to improve quality and meet market demands.

Target Audience

- Primary: Trade workshops, mechanics, and automotive repair professionals who require high-quality parts.
- Secondary: DIY car owners and enthusiasts who seek quality, speed, and fair pricing.

Taglines

- Primary: "Built on Trust. Driven by Value."
- Secondary: "Your One-Stop Shop for Automotive Parts & Paints."

Brand Promise

Best Value delivers trusted auto parts at fair prices, providing reliable service and expert advice. Our customers can count on us for the best value in the industry.

The Best Value logo is built on simplicity and confidence, a reflection of the brand's promise to deliver reliable, high-quality auto body supplies at fair prices. The clean typography and bold color contrast emphasize strength and trustworthiness, qualities that matter most in the automotive industry.

Logo Construction Grid

Primary Logo: Horizontal layout with Auto Body Supply tagline.

Secondary Logo: A compact square layout for limited spaces.

Usage Rules

- Do not stretch, distort, outline, or apply gradients.
- Use approved colors only.

Clear Space:

The logo should have a minimum space around it, equal to the height of the letter “b” in best.

Minimum Size:

- Print: The logo should not appear smaller than 1 inch in width.
- Digital: The logo should never be smaller than 120 px in width.

Logo Color Variation

Logo for Print Media

Note: This logo is an initial draft developed specifically for print media applications. We will continue refining it to ensure the best fit across all printed materials.

Icon Collection

The icon collection for Best Value is designed to complement the brand's clean, modern identity while improving clarity and communication across all materials. The icons draw inspiration from automotive forms, gears, tools, and motion, subtly linking the visual language to the industry. Together, the icons create a cohesive visual toolkit that feels precise, practical, and unmistakably part of the Best Value brand.

Imagery Style

The imagery for Best Value focuses on strength, precision, and authenticity, capturing the real-world reliability of the automotive industry. Visuals highlight high quality auto parts, tools in action, and confident professionals at work to reflect trust and expertise. Lighting is clear and natural, emphasizing detail, texture, and craftsmanship.

Visual Guidelines

- Use clean, uncluttered backgrounds with products as the focal point.
- Incorporate product shots that highlight precision and quality.

Showcase mechanics working with automotive parts in clean, organized environments, with close-ups of body parts like bumpers and grilles. Bright lighting will highlight their precision and craftsmanship. These images will represent our target audience; mechanics and automotive professionals, emphasizing skill and quality.

Tone of Voice

Our tone should always be:

- Reliable: Speak with authority, backed by years of experience.
- Helpful: Always clear and approachable.
- Confident: Assertive and professional, not overbearing.
- Straightforward: No jargon, clear information.

Messaging Pillars

- Trust & Reliability: "Parts you can count on."
- Smart Value: "Professional quality without the markup."
- Effortless Experience: "Find, order, and fit with confidence."

Brand Applications

Our brand applications encompass a diverse range of marketing and communication materials, extending across both print and digital platforms, all of which should closely adhere to our brand guidelines.

Print Materials

Print material should consistently reflect the clean, professional image of Best Value.
All printed materials should follow brand guidelines for color, typography, and imagery.

Visual Guidelines:

- Use high-resolution images of products to emphasize quality.
- Maintain a clear hierarchy with bold headlines and easily readable text.
- Ensure all CTAs are clear and actionable, drawing the viewer's attention without overwhelming the design.

Signage

Signage for storefronts, vehicles, or promotional events should prominently feature the Best Value logo, along with a consistent visual style that communicates professionalism.

Visual Guidelines:

- Use the primary logo for main signage and secondary logo for smaller spaces or specialized applications.
- Choose bold backgrounds that make the logo and key messages stand out, ensuring visibility from a distance.

AUTO BODY SUPPLY

The Best Value polo shirts (in red and blue) represent professionalism and brand consistency. These outfits should be worn by staff in all visual assets to maintain a unified, clean, and approachable brand image.

The white polo shirts with the Best Value logo offer a clean, versatile look, perfect for staff events or as branded gifts. They represent the brand's commitment to quality and can be used to foster brand loyalty.

Social Media Templates

Best Value's social media presence should consistently reflect our brand identity. Social media templates should feature high-quality product images, clear messaging, and strong calls to action (CTAs). The use of brand colors and consistent typography will help strengthen brand recognition.

Visual Guidelines

- Use simple, clean layouts with a strong focus on product images.
- Ensure category names are clearly visible, paired with high-quality images of the products in that category.

Brand Governance

Asset Distribution:

All official brand assets, including logos, images, and templates, should be stored in a centralized brand folder that is accessible to all teams involved in marketing and design.

File Management:

Maintain consistent file naming conventions and ensure that files are well-organized for easy access by all team members.

Approval Process:

All marketing materials should undergo a review and approval process with the creative team to ensure consistency and alignment with the brand's visual identity and messaging guidelines.

Do's

Use the Logo Correctly

Use approved logo versions in high resolution for both print and digital media.

Use Official Color Palette

Ensure you use the brand's specified colours in all assets.

Follow Imagery Style

Use photography and illustrations that match the brand's aesthetic.

Typography Consistency

Use the specified fonts and styles in the brand guidelines for all written communications.

Consistent Messaging

Ensure the message delivered is aligned with our brand values.

Ensure Accessibility

Ensure text contrast is high enough for readability and use legible font sizes for all content.

Modify the Logo

Do not alter, distort, or change the logo colours without permission.

Inappropriate Color Usage

Avoid using unauthorized colors for brand representation.

Misuse Design Elements

Refrain from using brand graphic elements inconsistently with the guidelines.

Unapproved Fonts

Do not mix random or decorative fonts with the brand typography.

Conflicting Messages

Avoid communications that contradict or obscure our brand message.

Break Layout Rules

Keep the design spacious and clear.

Don'ts
